

### Abstract Ranking

1. Can Tripadvisor Decide the Fate of a Business?

- I like how they use a question as a title. I like this project because first they have already extracted a large amount of dataset. Second, their method is practical and innovative. The results of this research can also benefit other researches and travelling agent business.

2. Emory Professors Review Scores Distribution on RateMyProfessors.com

- I am very interested this proposal because it is highly related to our daily life and I want to see what factor influences professors' score on RateMyProfessors.
- Their project is easy to understand.

3. Instruction on Building a Successful Game App

- I am very interested this proposal because they had a great presentation. They had a clear objective and comprehensive methodology. They not only utilize what we learned from class, but also try to build on from what we learned.
- Game App is also a hot topic, so I want to know more.
